Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>It is based on out of date data. It is not climate friendly, will create pollution. The plan is unsustainable as it creates too much housing concentrated in one area, which has already seen new building take place over the last few years (And is still going on).</p> <p>No infrastructure to sustain this, the roads cannot cope now, so with more housing it will be impossible to travel in or out of the area without creating more pollution from traffic jams, which will have an adverse effect on health and well being. It will also mean we will be unable to meet climate change targets. The proposed new school will simply add to the traffic, noise and pollution. In essence it will cut that whole area off from the rest of the borough and turn it into a ghetto.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Rethink the whole plan. Build on Gin Hall. Build more in the south of the borough to support the northern gateway,

Please be as precise as possible.	<p>I would have thought that the duty to cooperate would include a proper consultation.</p> <p>Given that our feedback was totally ignored last time, I fully expect that to be the case again, which I believe is both uncooperative and possibly breaks consultation legislation.</p>
