Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	No extra doctors or schools for all these people. The road is already gridlocked morning and evening with the extra houses built in Astley. It takes me 25 minutes already on work days to get from my house on Sale Lane to the East Lancs Road. The road is only narrow to start with but already has a parking problem where the school is. I only work at Moorside Road and it takes me 45 minutes to do a 7 minute journey at the moment, to build 1100 houses and bring in at least 2 cars for each property is absolute madness for the infrastructure let alone the pollution issues this will cause.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	I don't think there are any modifications except not to build all of the houses in this area and consider some other areas available
