Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	This plan doesn't take into the equation the impact on existing one way system which is already bad enough. The amount of extra people moving in there will not be anything like this enough doctors, schools or dentists to accommodate them as the present ones are already overwhelmed. This proposal should be rejected.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	The use for Castleton Sidings should be for the railway and canal development of leisure facilities for local people and visitors. There could even be a new youth centre developed for the youth of Castleton to have a place go to keep them off the streets and out of trouble
