Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The proposed extensions of tram networks and reopening of old railway lines will mean the loss of many homes and communities which is at odds with other objectives. The pandemic has taught us the importance and benefits of open green space and access to these is hugely important to mental health wellbeing. Plans for Bury are to build many homes to apparently meet housing need but the plan to open the old railway lines will mean the loss of many homes and communities whilst causing traffic and parking issues for areas near to stations / stops. Why can't we invest in better electric buses and bus routes that use existing infrastructure and can stop more frequently in local areas. Better grants for electric cars will also help people switch to help the environment.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Better bus routes with electric buses and park and ride areas to encourage use also better incentive to purchase electric cars and reduce transmissions

Title	JP-H 1 Scale Distribution and Phasing of New Housing Development
Type	Web
Soundness - Positively prepared?	Sound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	Yes
Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Concentrating large developments in an area has a huge impact on existing communities.....local plans in a Bury to build thousands of homes in an area and put tram networks in will mean the loss of open spaces that are well use by local communities. It will also involve the loss of existing homes and communities...some of which have only been developed in the past 5 years.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	What about investing in current housing and communities...including empty homes. Spreading development across borough rather than concentrations
