<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	The whole thing is a farce. There has been very little information to notify the public of these proposals with minimal signage.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	The whole thing wants scrapping. This is a flood plain (I wasn't in a position to take photos to evidence this the other day), it is a haven for many types of flora and fauna including badgers, bats etc. This area should be a country park. Building should be on brownfield sites. The roads round this area are already gridlocked, there is no suitable infrastructure to accommodate the thousands of cars that this huge estate would bring to the area.
