Although it states there are plans to support this, there is very little space to make any significant changes that will prevent huge queues and carbon omissions. The roads are unsafe already with few places to cross at certain parts of mosley common road.</p> <p>Again local infrastructure for education, health and leisure is a huge challenge, especially as we move out of the pandemic. We cannot manage the shear amount of families and individuals who will need services.</p> <p>We pride ourselves on a small local community which is at risk of loosing its identity.</p>
