Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	I have lived in the area all of my life and specifically in Tyldesley for the last 25 years. The traffic situation coming out of here through Mosley Common to the A580 is already horrendous during rush hours and school hours, it is the same getting into Tyldesley. As well as this Mort Lane floods everytime it rains causing traffic chaos. Aside from building a new road towards the East Lancs merely updating the existing road is not going to ease the traffic in any way. Air pollution in the area will increase putting people"s health at risk. The decimation of our green areas will have a negative impact on wildlife and the wellbeing of our residents. I am asking for theh plans to be reconsidered and for plans for new houses to be looked at being built on industrial land and in places that aren"t already overpopulated, struggling for traffic and underserved for amenities. Thank you
