Please be as precise as possible.	This area is already overrun by developments. The pressure on education, transport infrastructure and local amenities already is incredible, to put additional strain by progressing with further development and encouraging further residents to the area would cause a plethora of issues. Our children's school are already greatly stretched meaning their education will inevitably suffer. The traffic on the roads is already horrendous and many Road traffic accidents have already been experienced. To add additional strain by encouraging more volume to the roads would be to put further risk to life both from a physical perspective in the immediate term but also from a longer term perspective, given the increased pollution this will bring to the area.
