Compliance - In accordance with the Duty to Cooperate?	NA
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	There are very few amenities in this area. There is one playground, near the busy, noisy, fume-filled road. Friends of mine cannot find a dentist or doctor to register them. The primary schools are working at full capacity with no room to expand. There is a constant traffic problem on all the access roads. The pollution from vehicles stuck in queues is visible and unacceptable. The buses are full at peak times. The developments under construction already will add further to the problems we are facing. We cannot contemplate any additional burden for the sake of our mental health .
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	The presence of so many more vehicles and the extra demand on amenities makes the plan impossible. The recent building developments saturate the area and these homes are not even finished. Enough is ENOUGH.
