Soundness - Effective?	NA
Compliance - Legally compliant?	NA
Compliance - In accordance with the Duty to Cooperate?	NA
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The traffic around here is bad all day already. School, doctor and dentist places unavailable. (I have been told to try again in March for a dentist as ours left). Broadband slow. Don't want the road opposite me to be an access road. We love looking out over the fields and walking on them. My main concern though is the congestion it will cause with so many more cars on already bad stretches of road. The cars speed down Bridgewater Road and it is accident waiting to happen there which I have complained about over the years. They will not put speed bumps on. Kids play football on the fields around us and I always worry for them chasing a ball in the road. Cant cope with any more cars. We need our green belt for our mental health as well.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Do not build the houses and stop our area getting more congested and have less access to amenities and keep it green!
