Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>I'm not normally an environmental campaigner, but I firmly believe that this greenbelt land should not be built on. The infrastructure in the area can not cope with the amount of people living here. Schools oversubscribed, roads gridlocked at rush hour/pot-holed/flooded, public transport inadequate, insufficient car parking, doctors and dentists full, Wythenshawe Hospital unable to cope, leisure center always booked up and falling apart, tap-water pressure consistently low/water shortages, council unable to cope with bin collections/street & park cleaning.</p> <p>Houses should be built in less densely populated areas of the country where the investment would be welcomed. We can't control population growth, but we can influence where it grows. This is the only countryside left which separates the airport from the Greater Manchester sprawl. In 10 years time, in the face of extreme weather due to climate change, our kids will be asking who allowed our greenbelt to be built on, and will hold those responsible to account.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	There is no requirement for office space anymore, and houses should be built on brownfield sites only. Leave the greenbelt alone!
