Please be as precise as possible.</b>	The plan does not take into consideration the devastating impact on the local ecology. It does not take into consideration the wellbeing of residents. It will not improve housing as we do not need executive housing in heywood. We need places we can afford to live. Stop stealing our greenbelt and green spaces whilst not delivering houses that locals" children can buy.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Leave crimble mill fields alone.

I am not an expert in planning law but my voice matters just as much as those who are. I am a key stakeholder to this plan. A much more important stakeholder than companies with a financial interest in the land.</p> <p>I and everyone involved in this planned development knows that Crimble Mill will not be saved and turned into residential properties. After the 250 houses are built, the developers will say that the mill development is not</p>

<p><b>comply with the duty to co-operate. Please be as precise as possible.</b></p>	<p>viable anymore. By allowing this to happen you are all complicit in frauding the locals out of our green space.</p> <p>That area is key to Heywood"s health. Many people, including msyelf, walk that route to care for their mental and physical health.</p> <p>The development will destroy a beautiful and key piece of our green space, will heavily impact the local flora and fauna and have a detrimental impact on the environment. Whatever the plans are to improve access to queens park will also have all of these negative impacts. That area is a serene escape for many. There is no sustanable way to develope this area without damaging it, irreparably for us and for all future generations. It also also a flood area and next to our river which is already extremely polluted. Leave it alone.</p> <p>Build on the plenty of brownfield that we have in Heywood. We do not need "executive homes". We need clean air, a planet that is livable, peaceful areas to unwind and heal ourselves and places our children can afford to live.</p>
<p><b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b></p>	<p>Leave it alone. Be truthful about the fact that the mill will not be saved. Don't be currupt. Stop allowing developers to profiteer from the destruction of our town's green assets without benefiting anyone here.</p>
