Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>The plan although appearing to take into account the number of people living in the area including a proposal for a school and health care facility there is no planning for the addition to the traffic in an already saturated area. There are queues in the local area throughout the day where the traffic travels over and onto the A580.</p> <p>There is widespread destruction of the very limited local green areas for wildlife and vegetation. The amount remaining or redeveloped is less than 10% of what is there now.</p> <p>The guided bus cannot meet the current demand by the time the buses arrive at Mort Lane they are already full and not able to access.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>The plan would need to destroy much less of the local landscape.</p> <p>There would need to be much more consideration to the traffic congestion this proposal will bring long term to the area including the pollution and already poor air quality affecting the health of young and elderly in the area</p>
