<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>It is contrary to all environmental measures, building on land that is liable to flooding putting new and existing houses and businesses at risk.</p> <p>School.provision for all the extra children likely to be residents of the proposed houses, nothing seems to have been put in place to account for this.</p> <p>Primary care- doctors and dentists in the area have they been consulted on all these extra residents, all will need to register and it is already difficult to get appointments.</p> <p>The proposed one way system seems to directly go against all the clear air and pollution reduction policies. In a time when this is at the forefront of all local and national policies on climate change</p>
