Please be as precise as possible.	The document places emphasis on building , jobs , economy with green spaces the last priority. Protecting green space should be the 1st. As you say, the pandemic has left us still the throes of great change. Our futures are uncertain.People are working from home much more and the whole concept of driving from a PC at home to a physical space with a PC seems laughable and ridiculous. In another 12 months there will be a much cleared picture on the needs for such great amounts of office spaces which could be repurposed as residential housing. What a legacy to leave the next generation- endless stretches of concrete and destroyed biodiversity. If we don"t protect the planet in our time, who will ?
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	See how the pandemic affects use of physical work spaces which are not involved in manufacturing or service.Given climate change this isbt the last pandemic- our lives are changed forever and we must not destroy green spaces which produce oxygen and absorb co2
