Please be as precise as possible.	Making greater manchester one of the best places to be, means selling off more of the area. People can't afford to buy homes in their local area. There's flats all over very few family homes and even those are unaffordable. The transport links can't support the level of people trying to travel, the area are constantly flooding because all the green space is being removed and you are proposing from what can be seen in the map to build on parks with children's play areas.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Make sure the areas you are placing on building are not already swamped and can handle the extra cars and people. Don't destroy the community that already lives in these areas.

They have had years to make sure housing is affordable and just sold land to developers to provide poor quality housing and multi storey flats where they have made millions and added nothing back to the area. You are taking about putting another near 300 homes leading into 1 Road out of the south that already backs up.
