<b>Compliance - Legally compliant?</b>	No
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>Lack of communication on the council's part to the residents of Bury.</p> <p>There has been no opportunity for residents to put their views forward until now due, in part, to the COVID pandemic.</p> <p>This complicated form is a deterrent to becoming involved in the planning process as it is too long winded and residents without access to the internet and social media have been excluded. There are many, many people who are still completely unaware of what lies in store. The council will say that they have informed residents through flyers through their doors but these</p>

	<p>flyers fail to give the overall picture as they only refer to a specific ward and not the total effect on the whole borough. Building on this greenbelt will create urban sprawl which is contrary to the NPPF.</p>
<p><b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b></p>	<p>The Greenbelt is protected under the law of the land. If this is to be overturned then much more consultation with the public and the government needs to be undertaken. How can ordinary people comment on the legalities when we are not trained law?</p> <p>Make use of existing brownfield sites. These have not been utilised and actually the sites chosen by Bury council were decided on behind closed doors with no minutes taken. Surely this is against the law.</p>
