<b>Compliance - Legally compliant?</b>	No
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	I am highly concerned about the plans to build on the green belt area around Elton reservoir. This is a site of high biodiversity, which is particularly rare within this area. There has been a hugely significant number of rare birds, insects and plants identified and recorded in this area. It is also possible that great crested newts have been recorded in this area just recently. The area is a source of nature, leisure and education for the wider community and I would strongly oppose this development in particular.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	There should be further exploration of brown belt land but also a survey of biodiversity undertaken in the area. The plan for the area around Elton reservoir is strongly opposed by the local community, as evidenced in various different formats including peaceful protests, signage in the are absolutely social media. I feel that this plan would be detrimental to the quality of life for existing residents.
