Title	Our Vision
Type	Web
Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>You are only making those aware who are technically minded and have no mobility issues to see the tiny A4 laminate attached to a lamppost.</p> <p>To have a full say for those who live in the areas you want to redeveloped then give those a chance to voice their opinions by posting these surveys through their doors!!! It's their human right to have a say what happens in their area!! Also I believe in the Equality and Discrimination Acts of which I'm sure you are also aware of by not doing this you are depriving them of these rights!!!!</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Post surveys to all houses for people to be full in informed and offer support for anyone with any disabilities!!!</p> <p>This is their right to have their say also!</p> <p>The area was at 70% capacity in the early 2000s we don't need to meet full capacity!!</p> <p>You talk about the environment and pollution only to destroy these depleting environments for your own personal gain there isn't demand for houses in these areas try branching out, use unused office buildings to renovate into housing there's a few rows of houses in Walkden that have been empty for god knows how many years?? There's an elderly care home that's been closed down that could easily be turned into bed sits /apartments.</p> <p>As for Leigh road ellenbrook and Worsley areas the piping also is running at 70% capacity meaning they are only functioning at 30% due to them not being cleaned out in order to do this united utilities will need to close the whole of Leigh road off just to fix the issue which they have said themselves they are unable to do so due to the amount of traffic on the roads as it is!</p> <p>This is a result of too many houses and nothing being done to the infrastructure!!!</p>

Places for Everyone Representation 2021

	<p>We need more sewers, power stations schools doctors everything they are the priority!! It's all well and good providing houses but it wont work when the infrastructure and the roads are already at breaking point! Boothstown floods now as a result of this the east Lancashire road floods as a result newearth road from ellenbrook to Walkden has started to have sink holes as there is too much pressure on the sewers especially when there's heavy rain!</p> <p>You need to communicate with all areas for this planning isntdeat of ignoring the facts</p> <p>How are you going to improve the roads (loads with the highways agency's)</p> <p>Is there actually demand for housing here (liaise with all councils in the borough)</p> <p>Ask the locals (if there's a demand they will be all for it)</p> <p>Work with all the farmers in the areas they know the land better than anyone they have worked the land for generations and will have a lot of great solutions</p> <p>Work with rspb, national woodland trusts etc</p> <p>Speak with schools and medical canters even funeral home care homes etc to get how much they are at full capacity before developing the areas.</p> <p>But this would entail more work for you which isn't what you want to do you don't want to be seen to be working alongside the businesses health professions the highways agencies the locals etc you want to get you plans acted upon to get a huge payout for you own pockets!!!</p>

Type	Web
Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	You are happily building on land that's filled with wildlife, you are supporting deers to be relocated for your convenience. Your contradicting everything you stand for by building on these areas increasing the population increasing more pollution and noise pollution along and no infrastructure to help the growing populations for these areas? The more green spaces you remove the more flooding ans risk to the wildlife and environment you are causing there is NO demand for housing around Boothstown Mosley common or hazelhurst road AT ALL!!!!
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Use buildings that are left there's a row of houses in Walkden that have been empty for years there's also a independent care home that's now been shut down there are many offices that have closed down due to people working from home so office buildings are no longer needed so modify these into apartments and or housing etc! Walkden Ellesmere Center mostly has empty units work with the owner to turn these into affordable housing accommodation make use of the space

Places for Everyone Representation 2021

Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Personally I have lots of auto immune diseases so I won't use public transport as I can't be exposed to weather conditions as it causes flares let alone I can't walk too far what about others who have medical conditions and required to use cars?? People don't want to use public transport who can afford a car. If you still want to boost public transport then provide free public transport in peak hours to encourage people into the busses and trams
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Don't forget the elderly an disabled people with medical Conditions can't walk far or be sat out in weather conditions now will you help them to be more independent by allowing them too be able to access public transport close to their homes rather than having to trek a good distance to sit in the cold hoping their bus will arrive in time

Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>You are planning on building on areas around Mosley common hazel hood road and Boothstown green spaces!!! The infrastructure around these areas are already at breaking point! So much so the sewers In these areas are o my working at 30% capacity due to so many people living in the areas so when we get heavy rain the sewers can't cope and floods the roads.</p> <p>The doctor surgeries are run. Off their feet so are the dentists the pharmacy's, the schools aren't able to keep taking in more children as primary schools are struggling, the sewers can't cope there are more power cuts due to the power stations not being able to cope.</p> <p>The roads are constantly gridlocked due to roadworks (East Lancashire road down to one lane to replace curbs!!! Nothings wrong with the curbs)</p> <p>We have Roe Deer being removed from their environment onto chat moss for YOUR convenience!! Other animals will suffer as a result of more building</p>

	<p>so WILL THE ENVIRONMENT That you keep preaching your going to protect??? What a load of rubbish!</p> <p>You are impacting the environment by building on green spaces instead of working on areas where you have already build on ie empty office buildings empty warehouses!!! Use this land not existing green spaces!!! These need to be turned into conservations sites not homes that will already add more strain and pressure on an already broken infrastructure in these areas!!</p>
<p>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</p>	<p>All this building work in Mosley common Boothstown and hazel hurst road will be increasing the pollution and damaging the environment these areas DONT need more people moving into the area!!!! These areas are already at breaking point with the infrastructure and the wild life as severely been effected also! Noise pollution has increased, ask yourself if this was happening on your doorstep would you want this??? NO!!! You wouldn't ans if you say your do your lying to yourself to get a promotion or a Bonus this year!</p>

Please be as precise as possible.	<p>Existing infra is already at breaking point for Boothstown Hazelhurst road and Mosley common!!</p> <p>Building in these green spaces will increase more floods</p> <p>There isn't demand for a growing population here as I mentioned above the infrastructure is at crisis point without the added strain of housing</p> <p>It's increasing pollution and floods</p> <p>Having a detrimental Ellie to to the environment and wildlife (and in the. Ext breath you talking about protecting the environment what aloud of rubbish)</p> <p>There are no plans to build schools dentists doctors care homes power stations new sewer systems (sewers in Boothstown ellenbrook and Worsley are working at 30% capacity due to all the houses that have been built in the area)</p> <p>Traffic is a nightmare now noise pollution and pollution levels have massively increased as a result of the RHS, the unnecessary curb replacements which have out the East Lancashire Road down to one lane and the sink holes occurring along new earth road due to the sets not coping with heavy rain and causing sink holes and floods in Boothstown.</p> <p>Building On Green spaces is increasing polloution noise pollution, impacting wildlife, the environment, primary schools and classrooms are getting too full, gp surgeries and dentists are at crisis point overworked and exhausted due to demand there isn't enough surgeries for the growing population</p> <p>Leigh Road Mosley common Walkden Ellenbrook and Worsley are constantly having traffic issues even more so now the RHS has opened it's a nightmare to get off my drive on REDACTED TEXT at anytime if day, cyclists have been hit and there have been many near misses at Falconwood chase as it's a blind junction people</p>

Speed off there from the motorways huge hgv lorries cut through instead of using the east Lancashire roads there and more floods power outages.

These areas CANT COPE WITH ANYMORE BUILDING!!!! FACT!

If any of you lived here you would say EXACTLY THE SAME!

Enough is enough stop building on our green belt stop damaging the environment be seen to be encouraging wildlife and planting trees and working the waterways keeping them maintained as well as the land providing so many jobs educating people and especially the children get the schools involved protecting these green spaces!

One minute your telling everyone to protect the environment be eco friendly the next your digging you rapidly declining green spaces??? Contradicting yourselves every time you open your mouths! You will get more backing and support from these areas if you protected green spaces and

Maintained the land encouraging wildlife as the protecting the environment rather than bulldozing it over and building houses.

It will provide so many jobs and help people's fitness and mental health having these places to walk too it will give them a sense of pride.

If we wanted to live in built up area we would but people don't want it need that! Work with places that are empty or units that have been empty for years use that land use office buildings that are empty due to more and more people

Working from home this is cost effective for businesses and more environmentally friendly!

Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.

I live on REDACTED TEXT and I haven't received anything through the post about any of these plans it's my human right to be made aware of this and to be allowed my say.

Also you have not catered for those who aren't technically minded or have any disabilities in order to have their day this is against the act and also I'd say is discrimination against them as they have no other way of accessing the survey.

I live on REDACTED TEXT and have lived in Ellenbrook Mosley common and Worsley area all my life and I only find this out through work of mouth via a Next door app where I can fill in these surveys for my Boise to be heard some people have had a leaflet through their door of whome won't be as impacted as much as the areas you are planning to develop.

We haven't the infrastructure in these areas for anymore building it's at breaking point already don't turn it into a crisis. There are so many unoccupied spaces working the Ellesmere Center in Walkden also an empty car while and rows of empty properties in Walkden that could be turned into housing and accommodation.

Please consider using spaces that aren't being used efficiently rather than encroaching on green spaces that are rapidly depleting.

I'm all for moving with the times but I'm more than fair in my arguments but this time I am strongly against any of the houses that are wanting to be build in the Mosley common Hazel Hurst Road and Boothstown.

Please I'm begging you to reconsider all of this housing development on our green spaces and rather than overpopulating areas improve the infrastructure provide more primary schools GP surgeries, dentists care homes, improve the sewers, maintain the waterworks, maintain the green spaces and waterways all this will massively improve people's mental health and physical health will have a huge impact on the environment there will be less pollution as more tree planting schemes can be brought in encouraging wildlife getting the locals and local schools involved I. Learning about the environment and getting hands on with nature. This will have such a positive knock on effect rather than your current plans it will provide you with locals being more

Places for Everyone Representation 2021

	<p>supportive of future plans if they feel listened too and ALL green spaces are protected ans maintained. You will give people pride in where they live a sense of community not like they feel like they are caged in by houses and concrete this all has a negative impact.</p> <p>Be seen to be living up to your promise of being environmentally friendly and setting an example to the rest of the nation and Boroughs. Make a stand! Make a difference! Protect the environment stop the green space developments.</p> <p>Please please please hear our voices we are all begging you to stop building on greenspaces.</p>

Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Your building in what was green belt land originally and sneakily got paid to turn Boothstown plot for this housing development and the RHS development to be turned into Brown belt!!! I hope you are enjoying the back handed payouts for that to happen! These areas are OVERPOPULATED! We don't need housing redevelop all the empty buildings and offices seeing as so many people are working from home now as it's cost effective for businesses To do so! Which helps the environment also! BOOTSTOWN MOSLEY COMMON AND HAZELHURST ROAD ARE ALL AREAS THAT ARE MORE THAN OVERPOPULATED AND THESE AREAS CANT COPE WITH MIRE BUILDING CAUSING MORE FLOODS OOWER FAILURES NOT BEING EBLE TO SEE THEIR GP DENTIST ETC NO MORE!!!
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	STOP BUILDING MORE HOUSES IN OVERPOPULATED AREAS!!!

Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>Digging up green-spaces for example Boothstown mosley common and Hazlehurst road wether it be green let of brown belt land we can't cope with these areas becoming even more overpopulated we need these green and brown belt lands to absorb the flood waters not concrete stop harming our environment when it's not needed here there are many empty units and houses that can be renovated and used for housing. And the council should stop seeing council houses off and wasting money on curbs on the east Lancashire roads then you wouldn't be in such a mess with housing those who need it.</p> <p>And stop receiving backhanded payouts to turn green belts into brow belts we know this is happening.</p>

Don't build on or near greenspaces!! Encourage wildflowers a huge variety of trees wildlife homes for all types of wildlife have areas cut off to the public for wildlife to escape too for quiet, breeding and have bee hives in these areas along with Wilde release sites if they have been injured and need somewhere to be released to thrive once they have recovered.

<p>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</p>	<p>Building on greenspace isn't acceptable for the environment and wildlife this is also used as a daily footpath for dog walkers horse riders etc</p> <p>We have a variety of protected species</p> <p>Living here and such as hedgehogs newts birds insects (DO NOT RELOCATE ANYMORE OR ALLOW ANYONE SHOOT ANYMORE WILDLIFE!)</p> <p>BOOTHSTOWN is constant congested with traffic on and off the motorway surrounding local areas</p> <p>Noise pollution has massively increased due to the amount of traffic and overpopulation in this area! The sewers are only working at 30% capacity due to overpopulation of the areas and the sewers can't cope so in heavy rain we get MORE flooding now and the fields you propose to build on absorbs so much surface water when the roads are flooding, by building on this land you are having a DETRIMENTAL effect on the environment and wildlife you are going to create MORE pollution</p> <p>The infrastructure in this area is at Crisis point!!!</p> <p>The RHS bring in so much traffic now if there's an accident in the motorway everywhere is brought to a standstill.</p> <p>We have protected species in this area</p> <p>Bats hedgehogs barb owls birds of prey insects etc</p> <p>This plot is used daily by many walkers and horse riders</p> <p>You talk about being environmentally friendly and in the next breath your ripping up what was originally green belt but received a nice little payout to lift it to brown belt for these houses.</p> <p>Boothstown Mosley common Worsley Walden Ellenbrook are CRONICALLY overpopulated as it is and we have NO infrastructure to support more houses we need primary schools new sewers and water works power stations GP surgeries hospitals care homes funeral home cemetery"s parks woodlands etc NOT houses.</p> <p>The community will respect and give you their loyalty if you ring this areas into a huge conservation area where children can be educated and local schools people will volunteer to plant trees and will provide so much employment for maintaining the land pollution levels will drop wildlife insects will thrive due to wildlife habitats being created for them and am having a variety of trees shrubs plants flowers fields available for them this will compliment the RHS very well</p> <p>And the bbc could film Sprin watch here for documentaries you could use it as a filming location schools can have day trips which will be affordable as it"s on their doorstep could have allotments for locals where they can have a market on a Saturday or Sunday to seek their produce also local farmers we could have an areas code Ed off deon the public for wildlife to go too in breeding seasons to get away from the public and have bee hives stunning wildflower meadows fishing areas.</p>
