Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	NA
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>Not positively prepared - The allocation does not state how it will meet school numbers required (see more detailed assessment in my attachment).</p> <p>Not justified - There is insufficient evidence that there will be sufficient school places for the families to be housed in this allocation</p> <p>Not effective - Allocation suggests that thousands of jobs will be created. There is no evidence that this will be delivered (see attachment for more information)</p> <p>Not consistent with National policy - NPPF section 95 and 105 (see attachment for information)</p> <p>Not legally compliant - There has been insufficient consultation with local residents in the design of this allocation and understanding the implications of the plan. This is therefore not consistent with Trafford's statement of community involvement which suggests residents will be involved at the earliest stages of the process.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	I propose this allocation is withdrawn from Place 4 everyone and is handled through the local plan process following robust and genuine consultation with residents.
