Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>The proposed infrastructure improvements in respect of the roads to the surrounding areas, including the major roads (A580) are simply inadequate. As a local resident, the traffic is already unbearable and pollution levels are already woeful. The proposals do not address this adequately enough. Further, no consideration has been given to secondary schools in the area which are already at capacity. Simply "contributing" to extensions to primary schools is not enough.</p> <p>There is no consideration for new doctors surgeries as local surgeries are over-subscribed.</p> <p>In summary, the infrastructure proposed is inadequate.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>New secondary school is needed and road infrastructure improvements need to be significantly greater than suggested. Simply adding more bus services on the guided busway is not enough.</p>
