Soundness - Consistent with national policy?	Sound
Soundness - Effective?	NA
Compliance - Legally compliant?	Yes
Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Appears purely focused on building homes. No balance of environment/ infrastructure, avoiding joining together of communities undermining their coherence. Look at the care (and space and quality of life) in the past - Welwyn Garden City/ Port Sunlight/ Bourneville. They combine homes with an environment which is good to live in.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Combine with measures to ensure open farmland and leisure space, space for wildlife, space for wellbeing. Ensure good provision for schools, healthcare, local shops and businesses. Link to transport needs. Pay attention to pollution/ traffic issues and peoples'health.

Have a ceiling on development in areas - each one sounds small but collectively overwhelm a community. Protect areas of beauty and encourage sustainable care of green spaces. About some natural and wild areas and corridors for wildlife- we do have a climate crisis and these areas are essential 'lungs'.

Please be as precise as possible.	No looking to the future. Why no requirement for new buildings to be carbon neutral now? Much easier than to retrofit. Looking to encourage changes like working from home, community hubs, social cohesion.

Please be as precise as possible.	So why are we not seeing this implemented locally- just ever more development, more traffic and more pollution including around our schools? Not against new homes but the intensity in this area is too high and we must preserve what remains of green space and a balance with local infrastructure.

Please be as precise as possible.	Might be in the wrong place but keeping the relatively small remaining green space between Standish and Shevington is essential to avoid overwhelming our infrastructure and having a massive impact on wellbeing. Used and loved so much by families, walkers, cyclists and horse riders. So much has gone, we must value what remains for sustainability and ecological reasons.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters	Good to see attempts to improve link to central Wigan. Anything to reduce the pressure on Junction 27 other than widening small local roads (School Lane, Standish) is welcome.

Please be as precise as possible.	A tiny area. What about the outstandingly beautiful area between Standish Lower Ground and Standish? This looks at risk but is the only separation and essential for walking, recreation and wellbeing and maintaining some "green lung"space to help an ever more congested area. Valued by so many including those on the new housing estates. The one area of natural space that can be shared by families.
