<b>Soundness - Positively prepared?</b>	Unsound
<b>Soundness - Justified?</b>	Unsound
<b>Soundness - Consistent with national policy?</b>	Unsound
<b>Soundness - Effective?</b>	Unsound
<b>Compliance - Legally compliant?</b>	No
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	Green belt land should be protected for all to enjoy. Wildlife should be taken into account and the positive aspects for people cannot nor should not be denied. Excessive building has led to appalling congestion almost constantly throughout the day and increased air pollution. 1100 extra houses, just consider how many extra vehicles that will bring. Many areas on our local roads are unsafe to cross, which is gravely concerning. The infrastructure for facilities in our area are at breaking point now, how on earth can this continue. The proposals for further building are without doubt reckless and I question whether these individuals driving this forward truly understand or care about the implications of their actions. I disagree in the strongest sense.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	The legality of building to such an extent on green belt must be aggressively argued against. The day to day lives of residents in and around Mosley Common are being affected in a seriously adverse way. There does not seem to be any positives for the area as it cannot take much more! Wigan Council take note!
