<b>Soundness - Consistent with national policy?</b>	Unsound
<b>Soundness - Effective?</b>	Unsound
<b>Compliance - Legally compliant?</b>	No
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>The infrastructure in Newhey can not cope with the extra houses and the extra traffic and congestion that will be created by this development.</p> <p>Newhey already becomes a gridlock every time the motorway has a problem.... Which is not infrequent it is becoming a constant problem.</p> <p>If the access to the development was via Milnrow then maybe it would be feasible but to access Huddersfield Road/Newhey is just adding to future problems. The motorway needs a bypass road that does not travel through the village of Newhey, until then, this development must be stopped.</p>
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	A motorway bypass road to avoid Newhey
