Soundness - Consistent with national policy?	NA
Soundness - Effective?	NA

Places for Everyone Representation 2021

Compliance - Legally compliant?	Yes
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	In particular to West of Wingates site, development of 450 acres of greenbelt land does not promote green spaces, carbon neutral environment and the health and wellbeing of the residents of Wingates and Westhoughton who dont want this development. The infrastructure isnt robust enough and will just add more traffic.

Compliance - In accordance with the Duty to Cooperate?	No

<p>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</p>	<p>I am writing specifically about the West Of Wingates site which I object to on a number of different levels. I dont believe there has been enough engagement with local residents who all object to this, there are local landowner who are still in dark and dont want to leave their land within the site but have had no proactive engagement from Bolton planning and the posting around the site has been inadequate. The site is too large at 450 acres and represent too much green belt loss without provision for local amenity such as dedicated land for public park or retained farming like seen at Logistics North Bolton. There will be tremendous damage to the habitat and eco systems and will irreversible destroy the local character of the area which is the one of the last remaining farming areas in the town of Westhoughton. This plan needs better thought to existing wildlife of which there is plenty and animals such as hares and hedgehogs which are rapidly moving toward extinction and also fallow deer, foxes and badgers,sky larks and kites all of which are popular across the land will be lost. I have uploaded my view on an existing Harworth states proposal of which if there is to be development i have put my thought to include a larger consideration to onsite carbon offsetting and additional public amenity.</p>
<p>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</p>	<p>I am writing specifically about the West Of Wingates site which I object to on a number of different levels. Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Greenbelt is extremely important and shouldn't be given away easy. In Bolton the small town of Westhoughton will take 12% of Gtr Manchester's greenbelt loss which I find incredible and dangerous. This scale of greenbelt loss changes the character of a town negatively forever and should be allowed to happen.

Places for Everyone Representation 2021

Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	This fails in the duty to co-operate with local community. Bolton Council has approached this as a good deal for Bolton in terms of the overall greenbelt loss but this is a bad deal for Westhoughton and Wngates/Fourgates in particular as it take all of Bolton"s greenbelt loss and 10% of Greater Manchester. The site is far too big and need to be reduced and minimised and other sites on brownfield need to found.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	This site needs to be reassessed and reduced in size and limited in the amount of development. There is an opportunity on this site for planning, developer and residents to come together to deliver some development but also to retain the character of the area which is rural and farming focused. The amount of development, its placement and the design need to be considered carefully. The site is one of the last remaining large scale rural areas in Westhoughton as development continues to destroy its farming background. Like logistics North this site needs a large percentage given over to a country park and the continuity of farming. The site is close to local nature reserve Borsdane Wood and a site masterplan needs to take into consideration local walkers, cyclist and horse riding in the area to improve the pathways to accommodate wider local usage encouraging more local health and wellbeing. I have uploaded some suggestion on what could be done with this site and would encourage the opportunity for more local amenities to be given back to local residents as a return for their greenbelt loss. I recommend a group of planners, councillors, residents and the developer to come together to firm up plans for the area.
