Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Ill thought out and a total dereliction of duty, infrastructure cannot cope with the dumping of such a huge number of houses in one space, creating pollution and gridlocking the whole area.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Go back to the drawing board and give proper consideration to both North and South Bury ,placing houses where they need to be and in line with strategy, This plan will absolutely ruin the whole area and create a homogeneous blight on the area.
