Soundness - Effective?	Unsound
Compliance - Legally compliant?	Yes
Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>There is no reason to use this green belt land to build so many houses when there are other unused brownfield sites in the borough.</p> <p>The number of cars which will be used in 450 houses will be enormous and will create huge traffic problems in this area. There are already awful traffic problems in the area at rush hour and these can only be exacerbated. As there is a lack of local transport facilities nearby most of the new residents will feel obliged to use their cars creating more pollution problems and endangering our health.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	JPA 19 Bamford/Norden should be removed from the PfE.
