Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	No need to build on green belt land. There has been ample brown field sites for business development and to provide employment opportunities especially with more people working from home. There has been too much land formerly hosting businesses developed for housing which should have been retained for industry and employment. Problem is compounded by immigration and crazy decisions by councils such as Bury to house more immigrants and bogus asylum-seekers such as so-called Afghan refugees especially when there is currently housing shortage for local native british people and problems with many homeless. Council"s first duty is to it"s own people not immigrants.

Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Deciding to build on vast swathes of green belt land does not improve the lives or wellbeing of local residents it is in fact going to have a negative impact on local people"s lives and wellbeing. It is so important to protect the beauty of nature and open spaces in the local area to preserve and improve people"s quality of life.

Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Building on green belt land and further large-scale development such as proposed does nothing to preserve local heritage and history it does not conserve but undermines conservation of our local historical sites and risks destroying our proud local heritage unfortunately for future generations!!
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Stop proposals to build on green belt land!!

Please be as precise as possible.	Crazy to build on green belt land such a large-scale development will put massive strain on the environment and infrastructure. This plan destroys village life and creates more urban jungle. Stop calling to house immigrants and bogus asylum-seekers such as from Afghanistan and then perhaps there would be no need to build on these once green and pleasant land this england but protect it for future generations of local people.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Stop plans to build on green-belt land and protect our environment. If needed make a better use of brown field sites.
