Please be as precise as possible.</b>	Standish has been so over developed already that a lot of the natural space is long gone to housing developers, the quality of our natural environment has suffered greatly with wild animals like deer being seen roaming new housing estates or dead at the side of the roads. Roads through the centre of Standish have mile long queues in every direction to the traffic lights with cars sat pumping out pollutants with plans being made to add an extra lane to have yet more cars sat closer to the centre of the village queueing to the traffic lights at the crossroads!
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Simply to stop building yet more houses and to protect our green belt areas from further development!

Please be as precise as possible.</b>	Already developers and land owners are wanting to build on what is identified as green belt within Standish, it is imperative that these substantial new areas are not allowed to be built on under any circumstances, some of them are situated in the only place that a bypass from Standish towards Wigan from J27 that was planned when the motorway junction was originally built could be situated.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Please preserve our green belt from yet more development.
