It scares me to death the amount of pollution in the air that my young children are breathing in everyday. Walking them to school in a morning the air seems already thick with smog, with my little girl regularly commenting "what is that smell"(meaning the car fumes)</p> <p>It is over crowded as it is with cars, people, schools are already oversubscribed as are doctors surgeries. How can more houses be built here when there are already so many more in Hesketh meadow with 2 more estates already underway???</p> <p>No one wants these houses it is just being done to us and we will have to live with the effects of it , not the people who agree to it. Commuting is a nightmare and our poor children"s lungs. It is a disgrace.</p>
