Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	There are far too many properties for the local infrastructure which is already heavily strained. This is also arable land and far too many species, and wildlife are being destroyed due to the greed. Not to mention the public's health. The government advisor has already said there are too many houses/premises!
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Leave the arable land alone. We need green spaces to improve the air quality. Not more buildings, cars and other energy consuming sites. You are suffocating us
