<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>Considerable congestion adding to the already congested local area whilst also not befitting with the local area, albeit new road infrastructure planned, there does not appear to be any consideration of the environment noise created by this increased traffic, light pollution and pedestrians.</p> <p>Also the removal of even more green areas as more houses are planned within the local community (beefold lane) for those who frequently use will be affected.</p> <p>I object to this, but I'm sure this will have no bearing as the voice of local people will not be heard and brings into question why have the means to object when inevitably this will proceed.</p>
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	<p>I write this in a way that my objections are based on information that you have provided I have no legal experience to provide</p> <p>So asking me this is unfair</p>
