Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>Mossley Common is already stretched to capacity with the houses that have already been passed and built without the addition of a further 1,100 more houses. The traffic is horrendous, the pavements are no longer safe to walk on as cars speed past. Surely this plan doesn't comply with GM's Clean Air Plan and is a contradiction in itself. I worry about the air pollution and the lack of new schools, health and recreational facilities. Further building would greatly increase what is already an overstretched area. You are slowly taking away our green spaces which is vital for peoples health and well being. Surely Peel Holdings has got away with enough building without destroying our lovely community once again. They must be stopped. I oppose very strongly the building of more homes in our area - let them find somewhere else to build, which will make it much safer for all local residents. Wigan has got more areas surely - why keep picking on us at Mossley Common.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>As a resident of Mossley Common for many years I have seen our little village grow, and grow, and not always for the better. I strongly oppose any more homes being built. We also have to put up with all the extra traffic RHS Bridgewater has brought to our area too.</p> <p>There is way too much traffic on our roads now without the addition of further cars from 1,100 new homes. Yet again I can't tell you how strongly I feel about these new proposals and Wigan Council should act against it and support all who live at Mossley Common who do not want these plans to be passed.</p>
