Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>The plan uses 2014 data to predict housing need and ignores the potential impact of Brexit and Covid 19. Housing needs must be re-assessed using the latest (2018) ONS population predictions and take into account the effect of Covid on work patterns.</p> <p>There is little detail on how the requirements will be paid for. There has been poor public consultation, a lack of accessible information and little spent by councils in generating awareness. Interest in the plan has mainly been generated by local protest groups. The public consultations should be repeated, providing clear, understandable information. They should be designed to encourage rather than discourage public input.</p> <p>The site selection process has given no explanation as to why some sites in the "call for sites" were excluded from the plan.</p> <p>The plan relies on the co-operation of property developers.</p> <p>PfE shows removal of greenbelt protection for some areas and creation of greenbelt in others. There is no proof of exceptional circumstances required in the National Planning Policy Framework to justify this.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Meetings with public representation should be held and minutes should be published. The reasons for the selection/rejection of every site should be available including considered alternatives.</p> <p>Clear delivery plans for infrastructure should be included.</p> <p>In addition to PfE, each authority needs to produce a local plan. No details have been given as to when these plans will be made available.</p>

Redacted comment on supporting documents - Please give details of why you consider any of the evidence not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	I find it incredulous that PfE and the GMSF could be treated as the same plan. Legality must be decided by the judicial system before "Places for Everyone" can proceed any further. Whilst the GMSF may have been established as legally compliant (complies with Regulation 18 of the Town and Country Planning regulations) and could therefore possibly proceed to final public consultation and submission under Regulation 19 (this current stage). This can only be established by a proper judicial review, therefore the plan must be considered illegal and not put to Government.
