Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>The local area is already over populated which means that not only is it environmentally negative (pollution etc), it is also creating a bad environment for the people and communities living within it (bad for asthma, and other associated diseases).</p> <p>To increase the amount of housing as proposed will affect that aforementioned, along with causing more strain on the already stretched facilities.</p> <p>Trying to get a drs appointment is nearly impossible on a normal basis, never mind during covid. Shops, parking and schools are already affected which will mean even more detriment should these houses go ahead.</p> <p>The other major issue is the shear volume of cars already on the roads in this area. The road infrastructure simply cannot cope with the volume of traffic now, let alone adding 1,100 additional houses creating an additional 1,400 extra cars on the road! We are gridlocked every day as it is, trying to get anywhere even at weekends is a struggle.</p> <p>The other issue is that you are proposing to build on green belt land! We don't have many or enough green spaces as it is and again it will affect our air which is not clean to start with! We need trees and green spaces for nature and our mental health.</p>
