<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>I cannot find the correct part of this document to air my extremely strong arguments against this proposal. The main ones are simply at the worst, the congestion caused by the 600+ cars entering Leigh Road will cause road traffic accidents and possible fatalities. There are no extra roads in place to ease this congestion and the effect of pollution emitted from this extra traffic is totally unacceptable. There is no provision of amenities to cope with this extra housing development and it appears that any green belt in this area is being built on before more suitable areas are considered.</p> <p>There is no infrastructure to cope with these extra houses in this area.</p>
