<b>Soundness - Effective?</b>	Unsound
<b>Compliance - Legally compliant?</b>	No
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>The area cannot accommodate the additional housing. The roads are already a car park at peak times due to the number of new build estates in the area. There simply isn't the road infrastructure to allow for this. Adding the extra vehicles makes a mockery of the GM clean air policy.</p> <p>In an area where we already cannot secure a dentist or doctor I feel it irresponsible to bring additional housing to the area without any additional public services</p> <p>Worsley and Mosley Common has been a sought after place to live due to it's leafy areas and access to motorway networks. Building these additional houses not only removes the green land enjoyed by many and destroys the natural habitat of wildlife but it removes the motorway accessibility due to the volume of traffic.</p> <p>As a local resident I abhorrently reject these plans.</p> <p>There is a map listed with brown belt areas still available to be built on therefore green belt land should not be considered until all brown belt has been exhausted.</p>
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Don't accept a plan to build on green belt land
