Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	some form of suitable information needs to get to the grass roots about these proposals and I mean repeated meetings with the public in comfortable venues with proper notes taken for further digestion and a panel made up of all representatives and a chairman to keep order.these proposals are very serious to be dismissed through apathy.
