Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	No wider consideration for impact on community, traffic level, infrastructure including schools, medical services. Not considering the farm owners objection to sell his land and home. Lastly considering near future hs2 development plans, it seems as the full impact of heavy infrastructure cummulates in one space. The residents will have to expect high level of noise, dirt and dust. The land is the last nature reserve for us and it is important for us to retain a village character.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	In order to make it compliant the consideration should be given to creating schools for children, GP and other medical services. We already struggle for dental care in area. In addition infrastructure should be significantly improved to elevate congestion in mornings and afternoons as well as the weekend peak times. Residents struggle to join st Hellens road already.
