Please be as precise as possible.	<p>Greenbelt is sacrosanct . No amount of "moving the boundaries will help". You are stealing our Green Lungs.</p> <p>No-one has taken into account the negative effect it will have on residents to build on the greenbelt. ie flooding due to the loss of grassland to soak up all the water.</p> <p>Nowhere for wildlife to live and thrive, nowhere for the local children to observe the deer, badgers, foxes, hedgehogs, newts, frogs etc and to spend important time playing outdoors.</p> <p>The loss of a much loved stables and places for people to graze their horses. Too many vehicles on already over used road system. There will be thousands more to add to the traffic chaos and wreck the clean air and peace and quiet. People WILL NOT cycle to Manchester for jobs. I can guarantee it.</p> <p>No extra Schools/Doctors/Hospital Places. The High schools are already over subscribed.</p> <p>You are creating Urban Sprawl and making all the individual places lose their identities.</p> <p>It won't create a sustainable community. No jobs for local folk that already live in the area nevermind an influx of thousands.</p> <p>You need to sort out the town centres first before adding thousands more to the population.</p> <p>Hyde is dead on its feet. Few banks/not enough proper shops/no proper market/no proper library</p> <p>Greater Manchester as a whole has pretty bad life expectancy levels. Add more traffic and reduce Greenspace and you can expect to die younger.</p> <p>The list is endless.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Try building and investing in the brownfield sites and the town centres as you said you would.</p> <p>Green Belt is Sacrosanct.</p> <p>Try asking the residents what they think.</p> <p>No proper consultation has taken place.</p> <p>Leave OUR Greenbelt alone.</p> <p>Build on Brown Field sites.</p>
