Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>As a resident in this area for the past 25 years the increase in traffic has caused some of the roads to become almost dangerous. REDACTED TEXT Bridgewater Road and the speed and noise of the traffic make it impossible for me to hear anything she says. On many days the road is congested with traffic making it impossible for me to get out of my own road. On your proposal this would further increase the amount of traffic and noise. I understand that new houses are needed but not to the detriment of the the living conditions of existing residents. The guided busway took away alot of our green area and no parking was allocated for using the busway, this has already spilled onto what little shopping spaces were available and onto side streets. The proposed plan would intensify an already lack of amenities (schools, playgrounds, parking near the football pitch, places to walk your dog (why dont we have dog parks like America so we can keep our playing fields for the children and they dont become dog toilets)). Adding around another 2000 cars to minor roads is gong to intensify an already inadequate road network. Anybody living around here would say this is an unsafe proposal all round.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Massive reduction in the amount of houses, additional amenities put in to cater for the houses on every level and complete overhaul of the road network. Otherwise leave well alone.</p>
