Places for Everyone Representation 2021

Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	This plan is utterly disgraceful. It destroys legally protected Green Belt. It destroys habitat for legally protected wildlife. It completely contradicts the National policy to protect peatlands and the National and COP 21 policy to fight climate change by recognising peat as a vital carbon store. In addition the land is vital to help prevent flooding. The extra traffic generated will add further to already illegal levels of air pollution in the area. It is absolute nonsense to base this development on the unrealistic assumption that people living in these new homes will use Irlam station. They will use their cars as trains do not go where most people work. NO consultation at all has been made to local residents. We have CLEARLY said NO to this development REPEATEDLY yet have been ignored.
