Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	I moved to the area 20 years ago due to the green space around where we live. I'm the last 5 years, 1000's of new homes built on green spaces but no new schools, GPs Dentists etc . Traffic is horrendous now on a daily basis. Also, where are all of the notices about proposals? An A4 sheet of paper stapled to a tree in no way informs the public about these plans. I am now moving my family away from the area in the next year - crime is a common occurrence in Astley now which coincides with thousands of new homes popping up on what was green space/farmland. It's unrecognisable now from the Astley village I moved to nearly 20 years ago.

<p>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</p>	<p>Ask residents their opinion - do they think it's a good idea to build 1000 more homes on some of the last of our green space? - also give a plan of how the council plans to deal with traffic congestion which is already unbearable. As well as education, health services, infrastructure etc etc. Not enough of this info is out in the public domain - why?</p>
