<b>Title</b>	JPA 35: North of Mosley Common
<b>Type</b>	Web
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	Traffic at the moment is intolerable. New estates have been built in Mosley Common but no new roads have been established and the existing ones need repairing and improving. Schools have not been increased. Health services cannot cope. Police services cannot even answer the phone or emails at the present time. What will happen with another 1100 homes? Crime and vandalism is rife around the area. There are no facilities for young people and very little for the elderly.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	I am not trying to do your job for you. Whatever suggestions I make will not make a scrap of difference as I feel this is already a done deal between Salford/Wigan Councils and Peel Holdings. The latter are only interested in making money and profit and do not have to put up with the problems we have to each day. Please, please reconsider this proposal as there are going to be no green areas for our children and future generations to explore in future.
