Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	NA
Soundness - Effective?	Unsound
Compliance - Legally compliant?	NA
Compliance - In accordance with the Duty to Cooperate?	NA
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>We are the custodians of this Green Area, we have a responsibility to protect the wildlife on the unique landscape; home to newts, frogs & toads etc which come back year after year to spawn. Also hedgehogs, voles and foxes to name a few. Birds of prey have been spotted using this land as a hunting ground. Swifts come every year to nest. The draining of the fields, which also acts as a flood plain, will result in the loss of wildlife that we a meant to preserve for future generations. We have lost so much of our green areas due to lack of support from our local authorities.</p> <p>LOSSES: Loss of Wildlife and Natural Beauty Spot, Increased Traffic, Flood Plain, Increase of Green House Gases produced by 1100 homes, Only short term employment (in a time when work is plentiful for Tradesman), Unpredictable bus Service that also gets caught up in heavy traffic at Salford, Increased Carbon Footprint, Strain on local amenities - No gains only losses</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>We need to act responsibly and respectfully and leave this area as Greenbelt, with the benefits of it's natural beauty and fresh air and keep it as a safe haven for wildlife, to be enjoyed by everyone especially future generations</p>
