Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Having experienced Oldham Council"s long term corrupt planning department I have a general lack of trust in the process. I understand and appreciate the need for additional housing but disagree with using green belt/agricultural land.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Remove green belt/agricultural land from the plan. The housing planned for Woodhouses isn't affordable, is in an area with minimal public transport, will impact on already struggling roads and although there are always plans to relocate bats, newts and badgers they are simply collateral damage.

There"s been relentless and uncontrolled development throughout the village. House prices command a premium in the village, as does its council tax banding but the vision in most documents including the talk of local schools, public transport, transport infrastructure as though they"re all available. The idea every new family will cycle everywhere or get the tram is such London centric thinking. The dated traffic census and figures on cars per household just don"t hold water. The development on the side of Woodhouses park has been a farce. The houses were built higher than their approved plans, the pond relocation to maintain the diverse flora and fauna was simply forgotten and its simply a chess move to establish buildings adjacent to bottom Field Farm. The farm should be work and the green belt protected, this development is just a stepping stone to then link, through green belt further development.
