Please be as precise as possible.	<p>The vision is to use Brownfield sites first and not greenbelt . Very little is being used and the houses are not for local people to get onto the property ladder but to get more revenue from.rates . Spending tax payers money to compulsory purchase peoples"homes when there should be no need to. The wildlife that will be lost in that area , various species of newts frogs as well as deer . Over 100 horses displaced and no infrastructure to support .</p> <p>There has been no consultation in my area and we, the people have been dismissed without a say . All major plans should have proper consultation but most of this will be done behind closed doors , where is the transparency?</p> <p>Glossop has now pulled out of the bypass/Upgrade of A57 so that is in jeopardy trains are full at Broadbottom and the platforms cannot take any more carriages and our schools are oversubscribed. How can the Tameside proposals be justified especially when balanced with our growth on population which doesn"t warrant a these 3and 4 bed houses .</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Need to see Brown field sites used first and how the infrastructure will support over 3000 new homes . Need to see accurate figures not pie in the sky.</p> <p>See what proposals there are to prevent flooding as greenbelt land d is a natural soakaway</p> <p>What proposals there are for local people to enjoy the countryside on their doorstep for their emotional wellbeing . We don't want to walk on concrete jungles</p> <p>Need to know how they will square the transport in our area</p> <p>Bypass is in doubt, trains are full to bursting roads are some of the most congested no trams where I live and buses irregular.</p>

Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	I believe that alternatives ie Brownfield sites are not being used first and greenbelt usage against public opinion is being forced through without public consultation . I believe the plans and all literature to be biased and ill inform the public This is a back door destruction of the greenbelt who only see money in the short term and not the long term problems. These houses not for local people or first time buyers we have at least 2 cars each and add to traffic congestion and all ready overcrowded trains . Great for the carbon footprint and our loss of soakaway
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Build only on Brownfield sites until exhausted . Complete a thorough population survey of where houses are needed . Build more one bedroom accommodation for singles and starter homes not these obscene 3/4 beds on our greenbelt .

<p>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</p>	<p>It completely compromises the future of future generations in pursuit of leisure and emotional wellbeing. It was a godsend for most in the covid period to get out and enjoy fresh air . What you are proposing is to bring towns into the countryside instead of building the type of housing that is needed in the towns . There are plenty of sites to use that we provide starter homes and those hoping to get on the property ladder. Tameside does not need all these 3 and 4 bed houses on which anything green they will build on . Spending the 10m they received for this Judas type decision is scandalous and the councillors that agreed to do this should answer for this</p> <p>The duty to cooperate is about democracy a d what the people who you serve want and todade there has been no consultation . Half these plans are half baked a d the decision makers will not be held to account. We are letting future generations down By by our greed .</p>

The roads are completely congested at peak times , the trains are full and platforms cannot be lengthened the tram does not reach our area and buses are unreliable and expensive . The bypass Derbyshire has pulled out so we will be gridlocked in fumes . The car is king for younger generations and as our schools are full they will have to drive their 2.2 children to schools .
