A 5 minute journey regularly takes 45 mins just to get to the motorway. The access road to the proposed new site has already caused problems with just the RHS. I dread to think how much worse the new estate traffic will make it.</p> <p>Local schools are already over subscribed and people living in the area are being turned away and having to commute further, adding to the above point on congestion. Add to this local doctors, dentists etc are over subscribed.</p> <p>Finally this site is green belt, priority should be given to sites that don't have the constraints of this site.</p>
