Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	A new estate of this size will vastly increase the traffic flow on an already extremely busy Norden Road. This will then adversely affect the carbon output/air pollution of the area. Heavier traffic also increases the likelihood of road traffic accidents in the area. Any diversion of this increased traffic flow from Norden will then intensify the build up of traffic elsewhere - for example Martlet Avenue, War Office Road and its junction with Bury Road (a road accident occurred there on Monday September 20th), and Edenfield. This will also impact on travel times for workers, parents taking children to school etc. Social amenities at present available to local residents (tennis, soccer, cricket) will also disappear impacting the general health and well-being of the area. There are brown field sites in the area which should be used first.

of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>all the extra traffic that will be generated, the occurrence of road traffic accidents will also be an issue. Any diversion of vehicles from Norden Road will then increase the volume on War Office Road, the junction with Bury Road, Martlett Avenue and Edenfield Road. There will inevitably be traffic hold-ups at the existing junctions and whatever new junctions will be needed to serve the new estate. Workers, parents with school children and so on will suffer detrimental journey problems. The loss of a range of sporting facilities (cricket and soccer for example) will adversely affect the health and well-being of local people. Environmentally there will be damage too particularly to bird-life in the area.</p> <p>There will also be a massive increase in demand for primary school places - where is the proposal for this?</p>
