Please be as precise as possible.</b>	<p>I have lived in this area for 34 years, Mosley Common for the past 22. Over that time I have seen the traffic problems increase to the point where it is virtually impossible to travel anywhere without being caught in traffic jams at any time especially on Mosley Common Road all the way down to Tyldesley and Leigh Road to the roundabout for the M60.</p> <p>We have not yet seen the full impact of the traffic to the RHS Bridgewater to the area without the problems on match days to Old Trafford and the traffic to the Trafford Centre which are now increasing after the lifting of COVID-19 restrictions and have a huge impact in this area.</p> <p>The guided busway is being used in all the proposals for the building of all these houses. It is an asset if you are lucky enough get a seat once it has reached Sale Lane or Newearth Road, but there is no transport to Manchester within easy walking distance from Mosley Common Road as there used to be (the ending of the 32 bus route being the nail in the coffin) which will lead to more people returning to their cars.</p> <p>The link bus around Boothstown to the guided busway was introduced to appease local residents but I can honestly say that I have never seen one passenger on it as it is completely useless.</p> <p>I also believe that the air quality from all the standing traffic will have a huge impact especially on St John's School, the childrens"playground and the field next to Mosley Common Road.</p>
